PHST immunology recruitment – shortlist score data (2014-2026)

This document contains shortlist score data for PHST immunology recruitment. Graphs depicting the distribution of shortlisting scores are presented for both rounds 1 & 2.

PHST immunology recruitment – shortlist score distribution 2026 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to immunology applications which reached the evidence verification stage in 2026 PHST recruitment round 2.

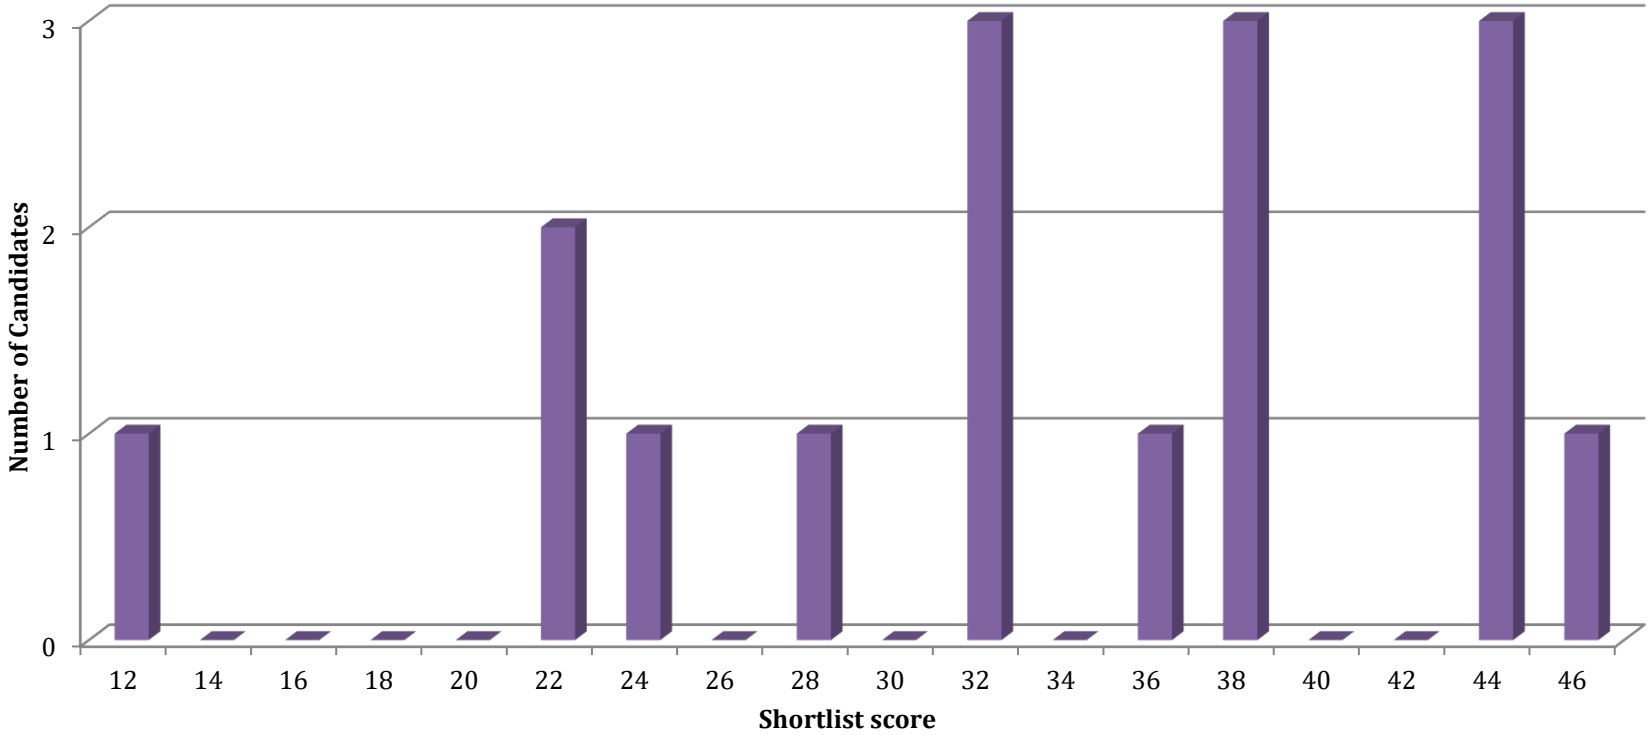

The number of applications submitted was **12**; shortlist scores ranged from **15 - 49** (min and max possible were 0-60).
Mean and median averages achieved were **39 (39.4)** and **42** respectively.

PHST immunology recruitment – shortlist score distribution 2026 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to immunology applications which reached the evidence verification stage in 2026 PHST recruitment round 1.

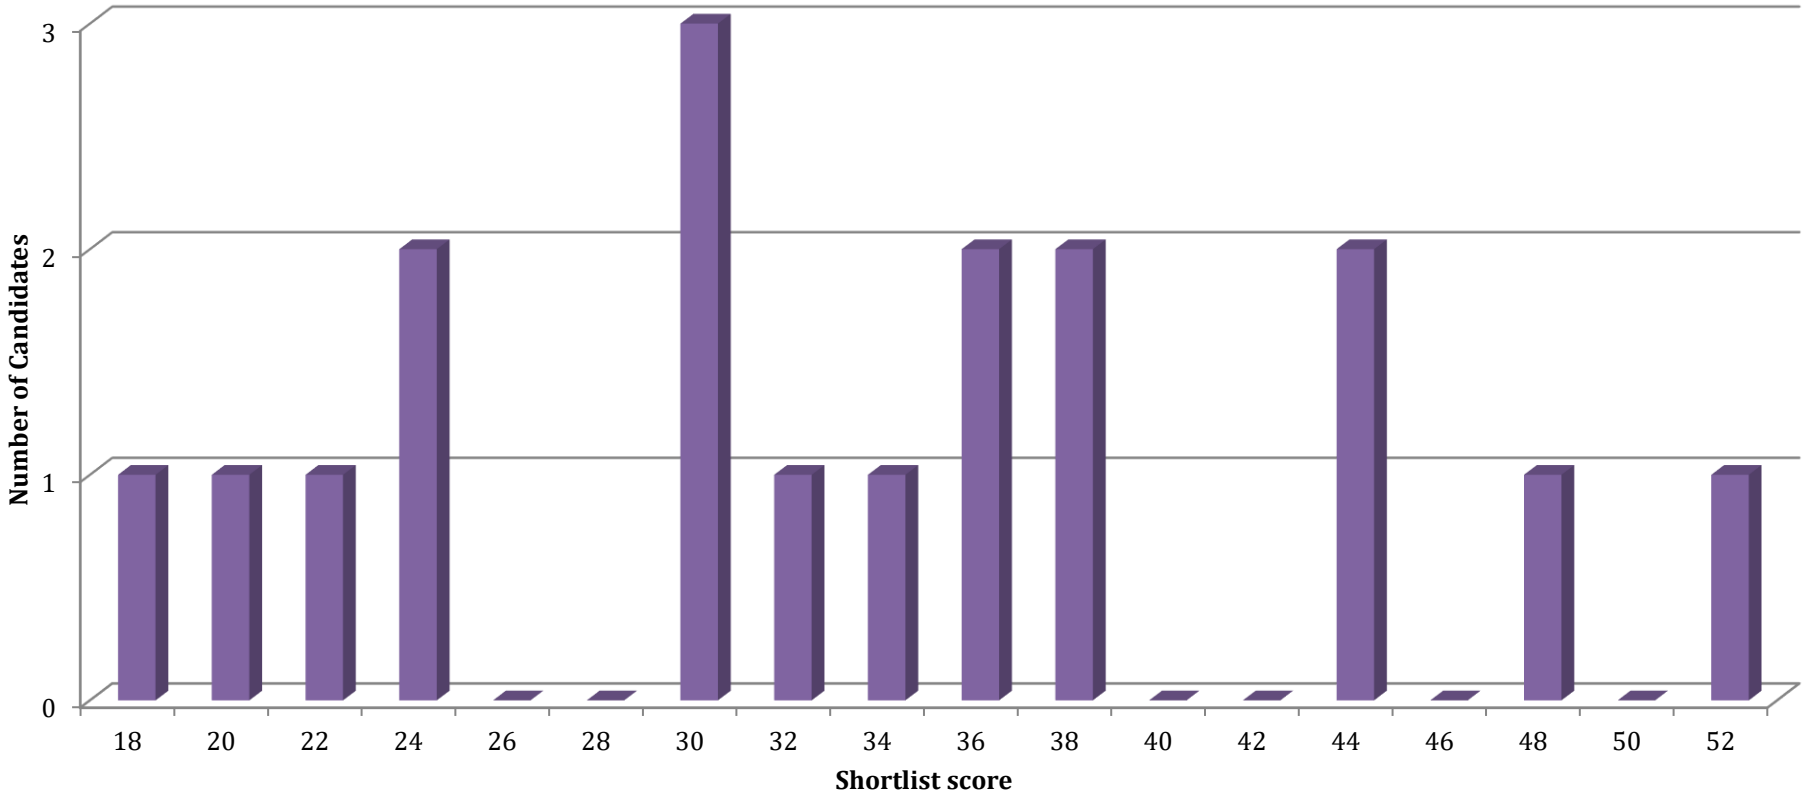

The number of applications submitted was **16**; shortlist scores ranged from **12 - 46** (min and max possible were 0-60).
Mean and median averages achieved were **33 (32.8)** and **33.5** respectively.

PHST immunology recruitment – shortlist score distribution 2025 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to immunology applications which reached the evidence verification stage in 2025 PHST recruitment round 2.

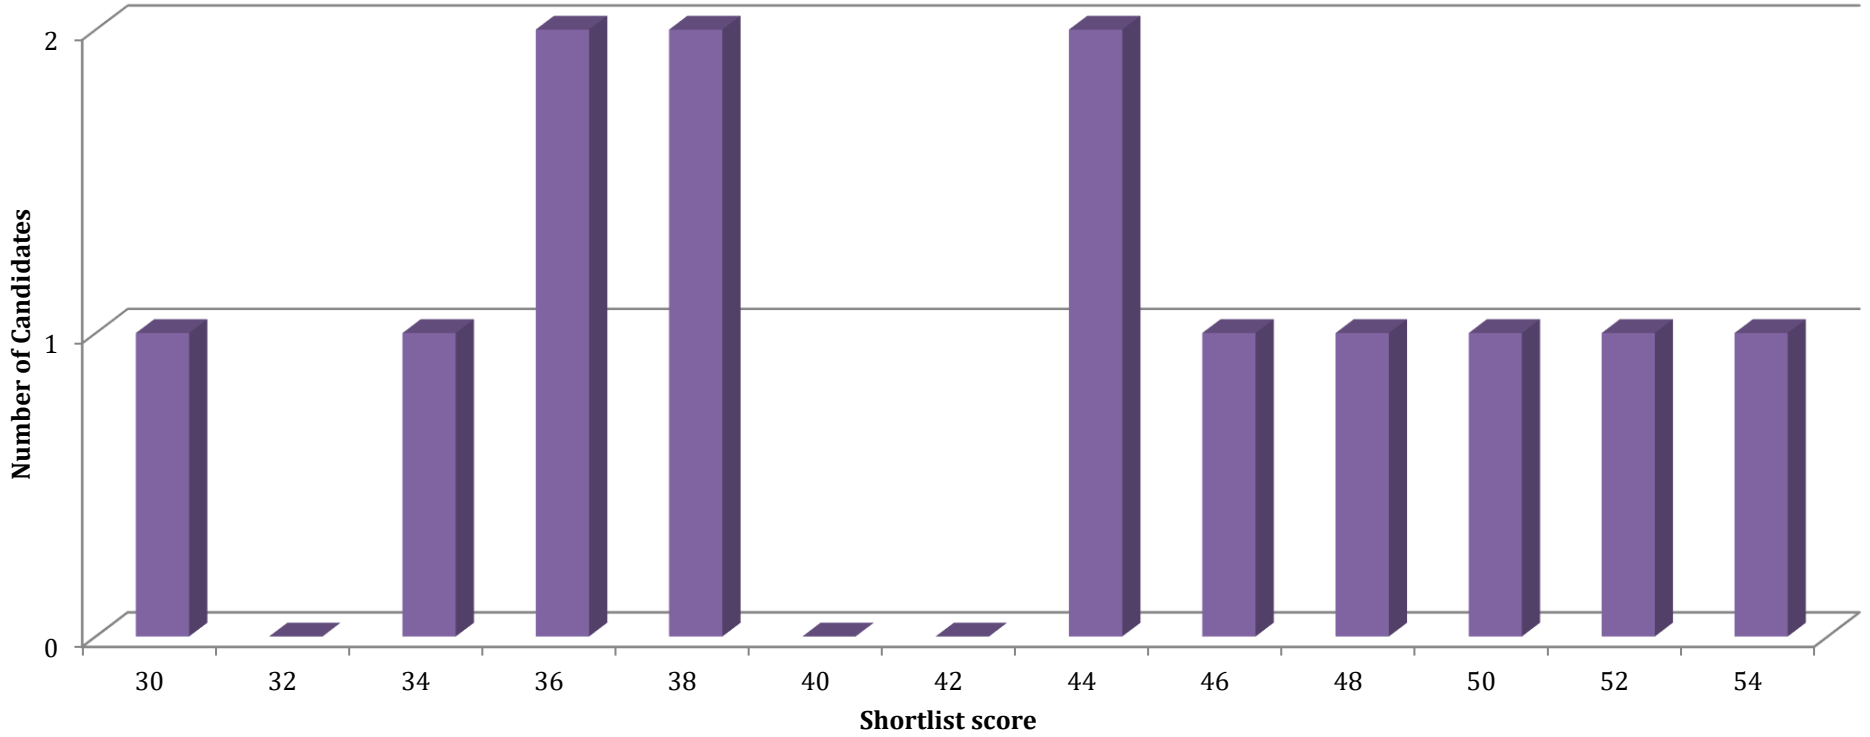

The number of applications submitted was **18**; shortlist scores ranged from **17 - 51** (min and max possible were 0-60).
Mean and median averages achieved were **33 (32.7)** and **33** respectively.

PHST immunology recruitment – shortlist score distribution 2025 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to immunology applications which reached the evidence verification stage in 2025 PHST recruitment round 1.

The number of applications submitted was **13**; shortlist scores ranged from **29 - 54** (min and max possible were 0-60).
Mean and median averages achieved were **42 (41.8)** and **44** respectively.

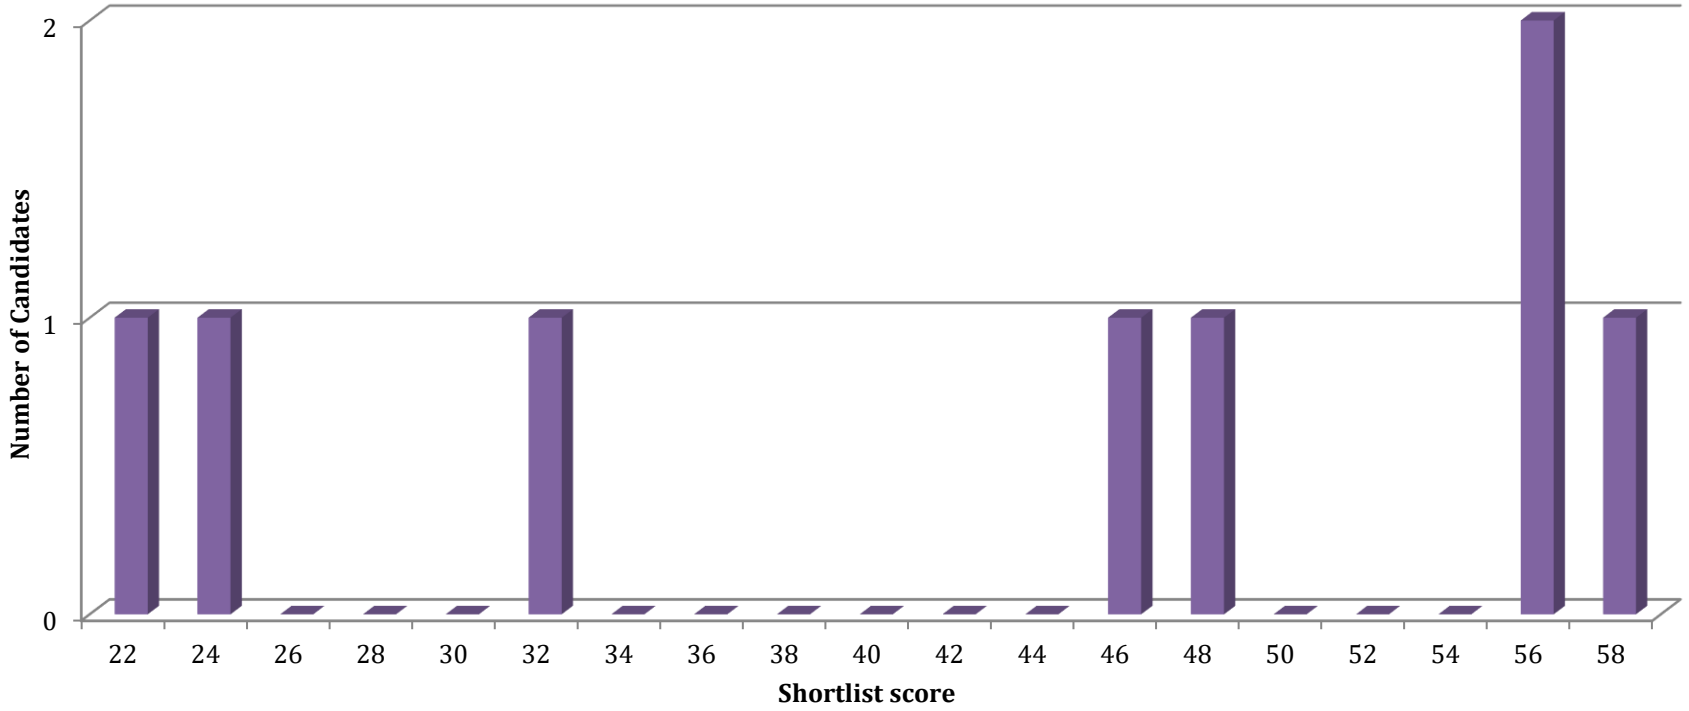

PHST immunology recruitment – shortlist score distribution 2024 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2024 PHST recruitment round 2.

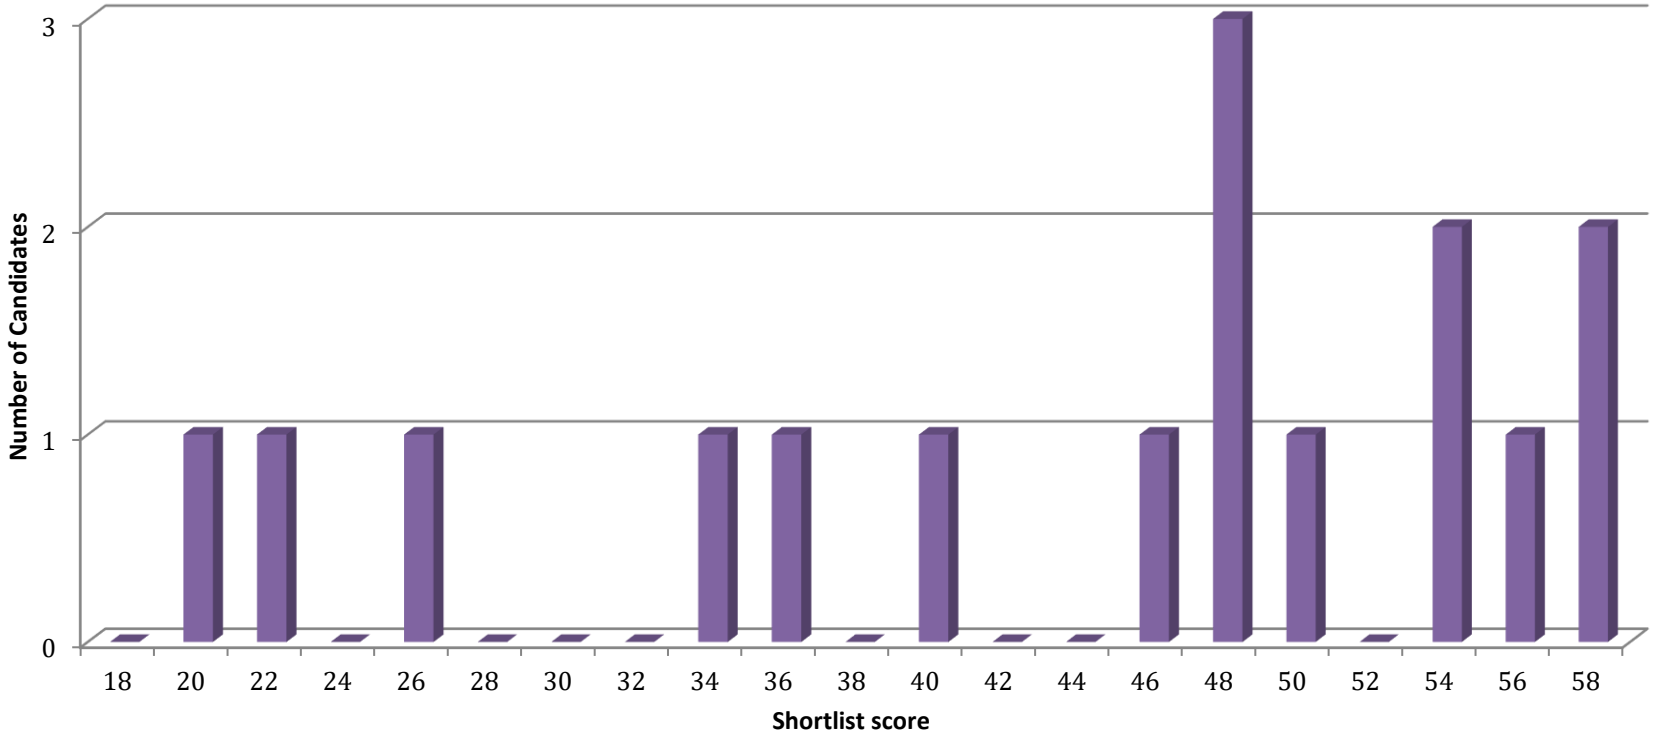

The number of applications submitted was **8**; shortlist scores ranged from **22 - 57** (min and max possible were 0-70).

Mean and median averages achieved were **42 (42.2)** and **46.5** respectively.

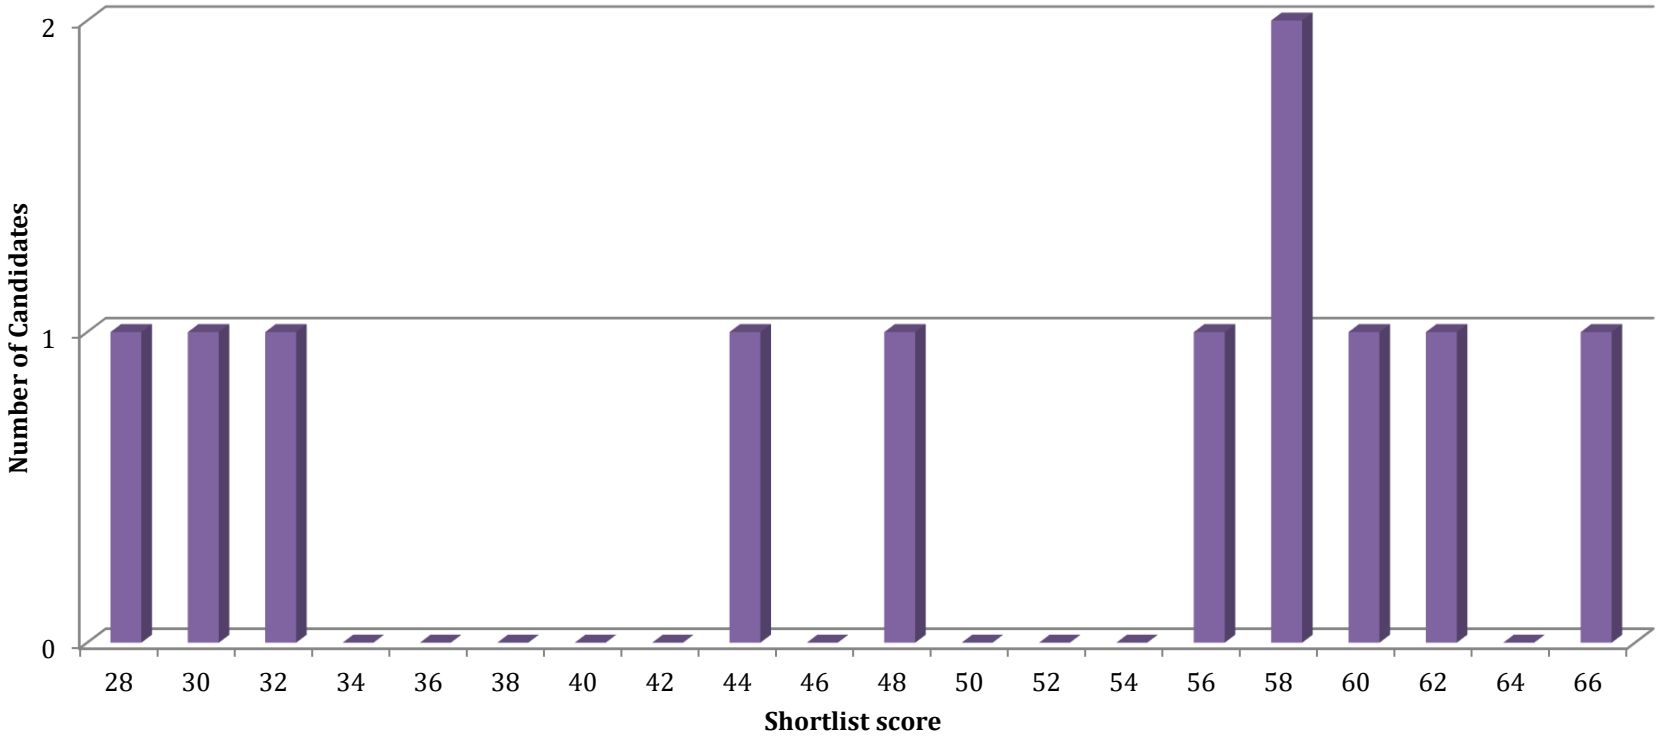

PHST immunology recruitment – shortlist score distribution 2024 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2024 PHST recruitment round 1. The number of applications submitted was **16**; shortlist scores ranged from **19 - 58** (min and max possible were 0-70).
Mean and median averages achieved were **43 (43.1)** and **47** respectively.

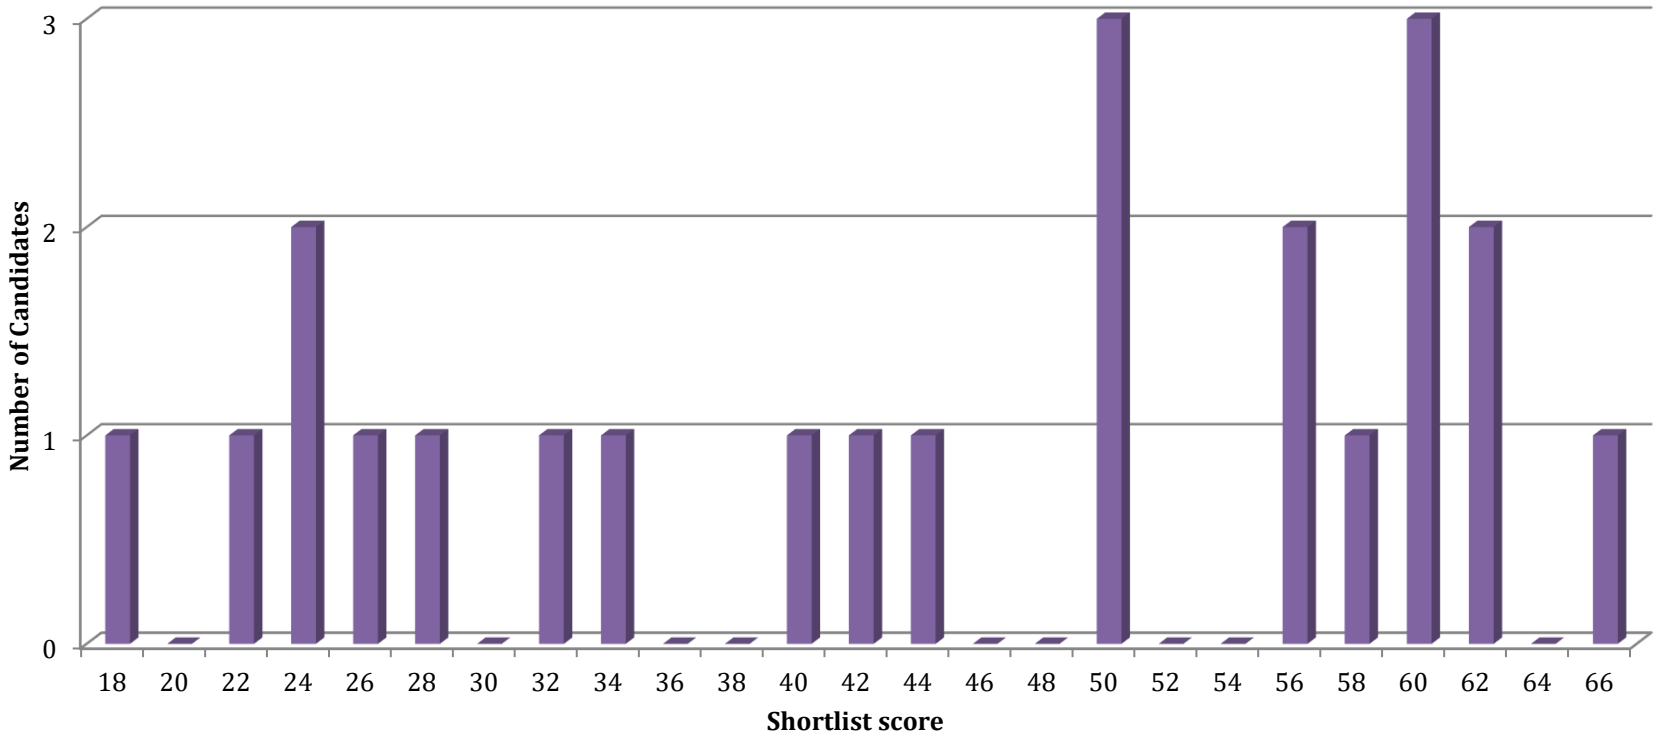

PHST immunology recruitment – shortlist score distribution 2023 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2023 PHST recruitment round 2. The number of applications submitted was **11**; shortlist scores ranged from **28-65** (min and max possible were 0-70).
Mean and median averages achieved were **49 (48.9)** and **55** respectively.

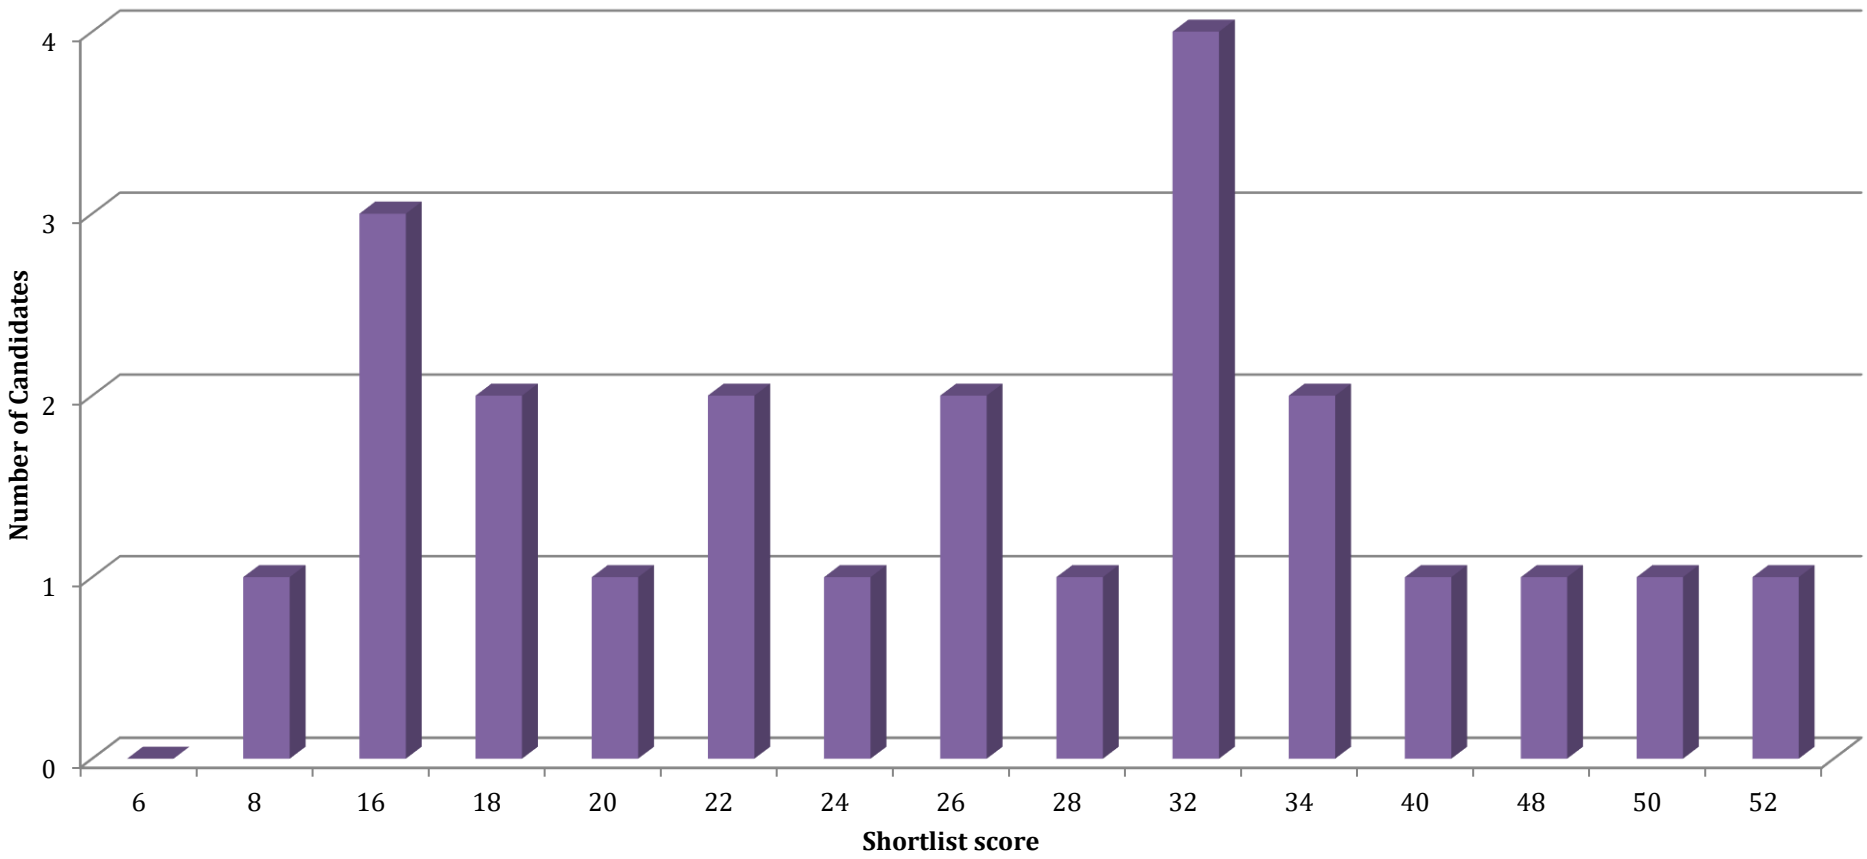

PHST immunology recruitment – shortlist score distribution 2023 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2023 PHST recruitment round 1. The number of applications submitted was **23**; shortlist scores ranged from **18-65** (min and max possible were 0-70).
Mean and median averages achieved were **44 (43.9)** and **49** respectively.

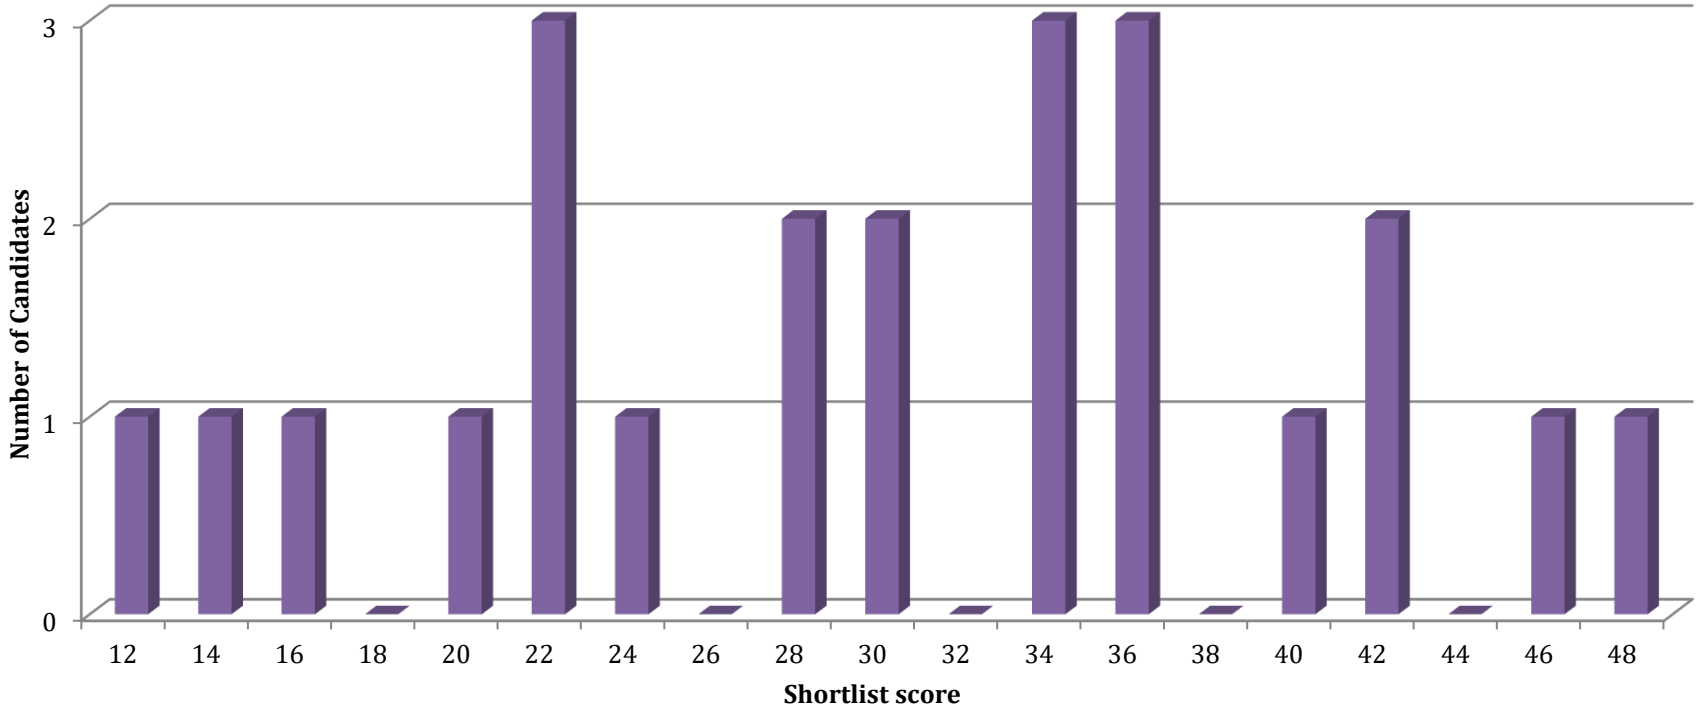

PHST immunology recruitment – shortlist score distribution 2022 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2022 PHST recruitment round 2. The number of applications submitted was **23**; shortlist scores ranged from **8-51** (min and max possible were 0-78).
Mean and median averages achieved were **28 (27.65)** and **25** respectively.

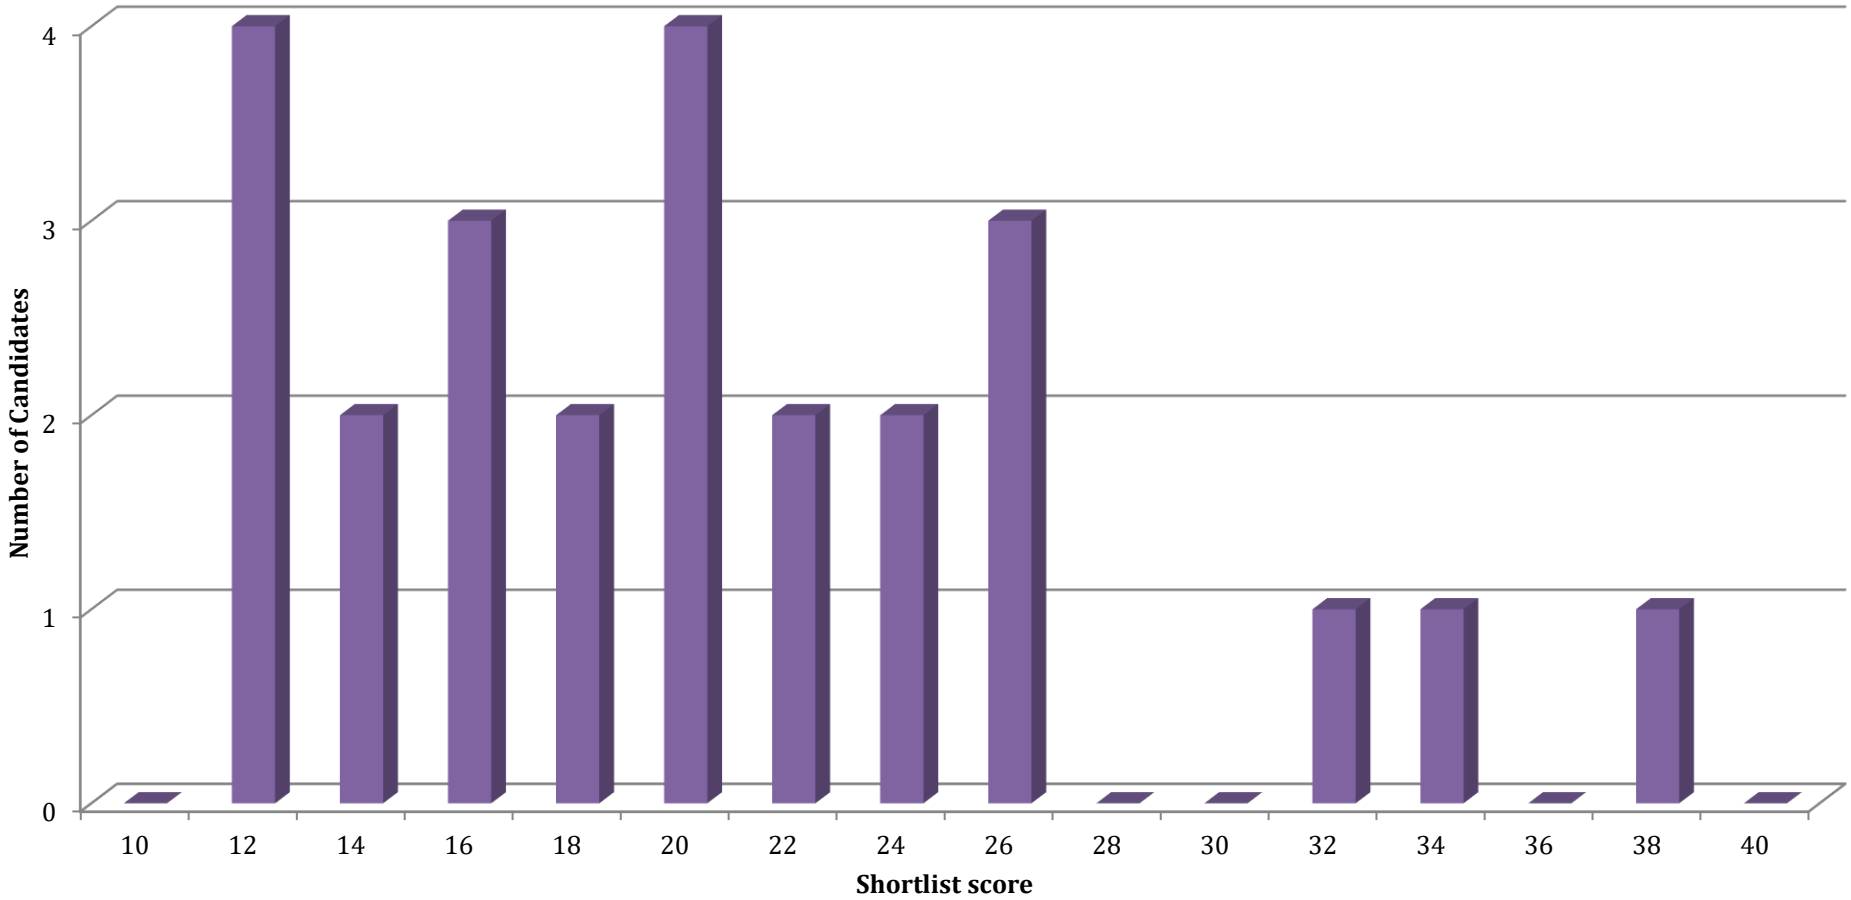

PHST immunology recruitment – shortlist score distribution 2022 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2022 PHST recruitment round 1. The number of applications submitted was **23**; shortlist scores ranged from **12-48** (min and max possible were 0-78).
Mean and median averages achieved were **30 (29.82)** and **30** respectively.

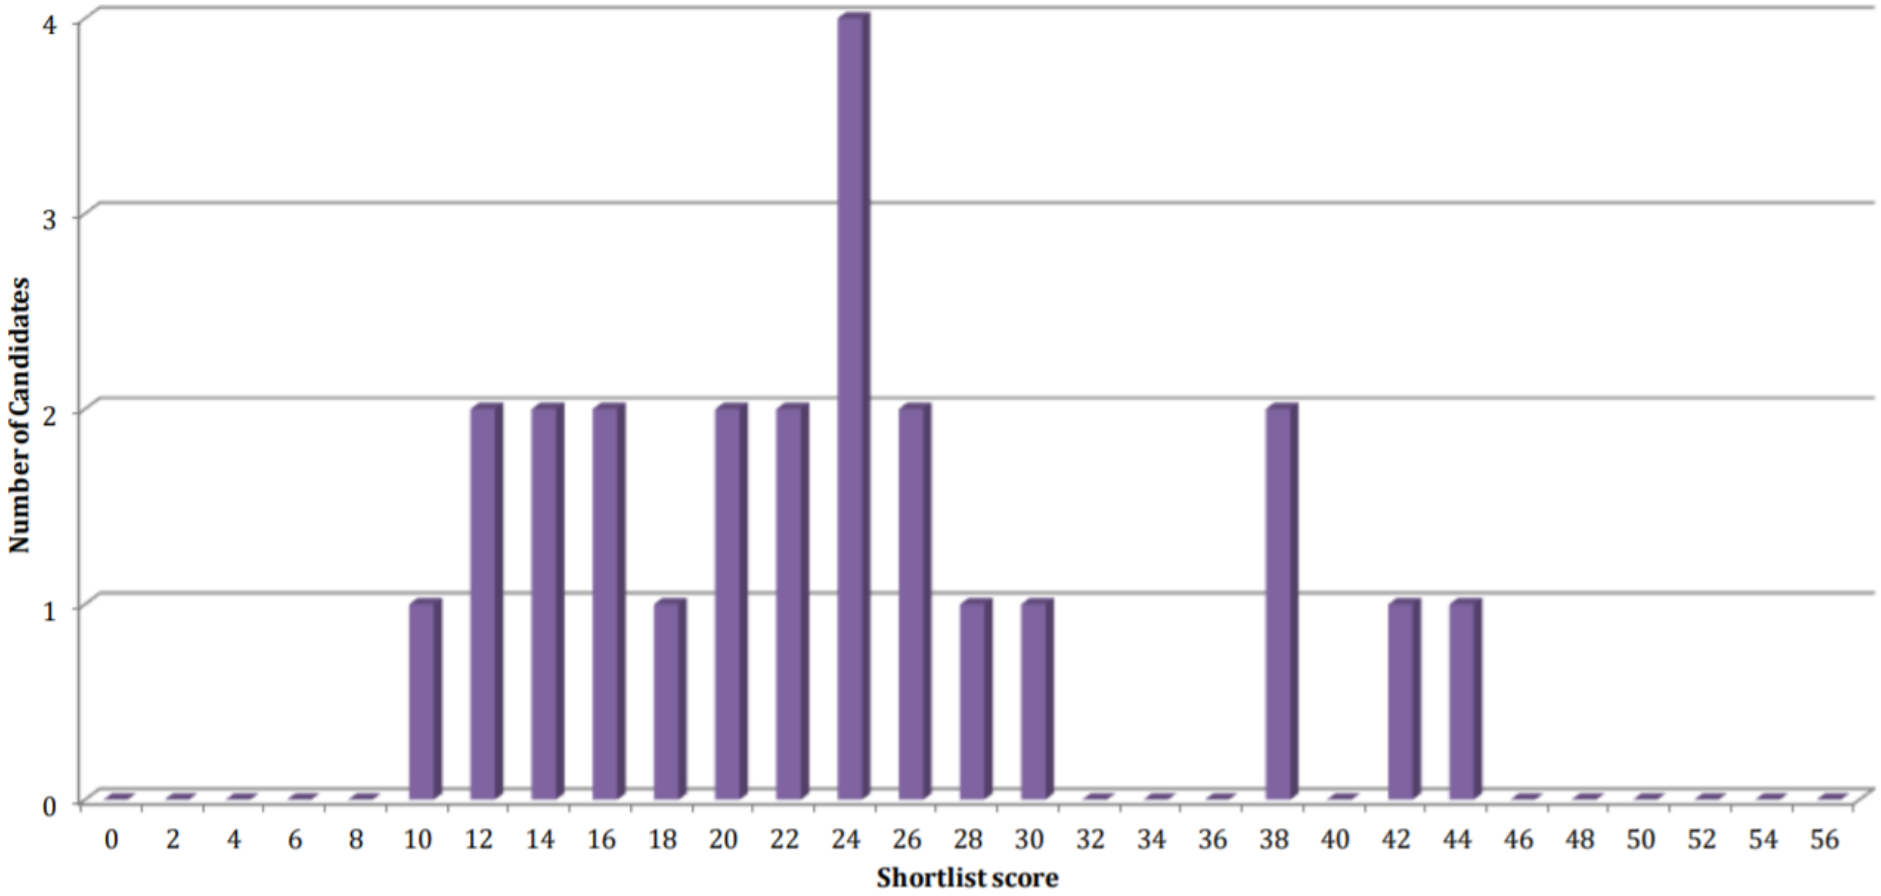

ST3 immunology recruitment – shortlist score distribution 2021 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment scores) awarded to all immunology applications submitted in 2021 ST3 recruitment round 2. The number of applications submitted was **25**; shortlist scores ranged from **11-38** (min and max possible were 0-56).
Mean and median averages achieved were **20** and **19** respectively.

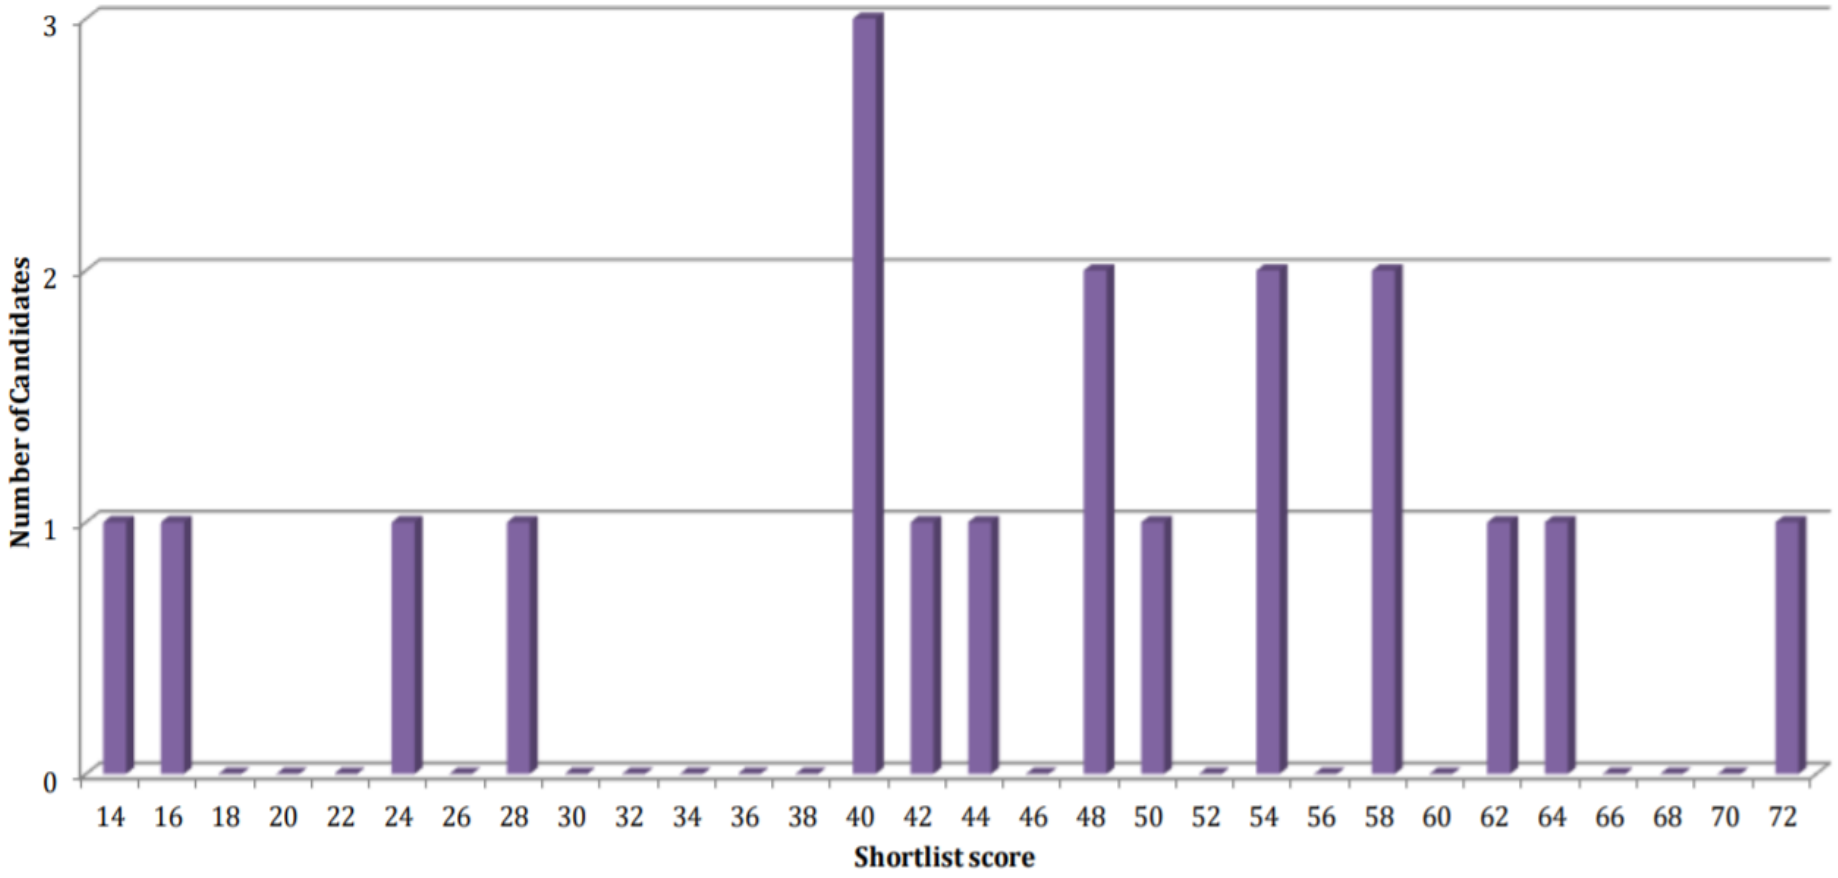

ST3 immunology recruitment – shortlist score distribution 2021 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2021 ST3 recruitment round 1.
The number of applications submitted was **24**; shortlist scores ranged from **10-44** (min and max possible were 0-56).
Mean and median averages achieved were **23** (23.08) and **22** respectively.

ST3 immunology recruitment – shortlist score distribution 2020 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2020 ST3 recruitment round 1.
The number of applications submitted was **19**; shortlist scores ranged from **14-71** (min and max possible were 0-80)
Mean and median averages achieved were **45** (44.57) and **48** respectively.

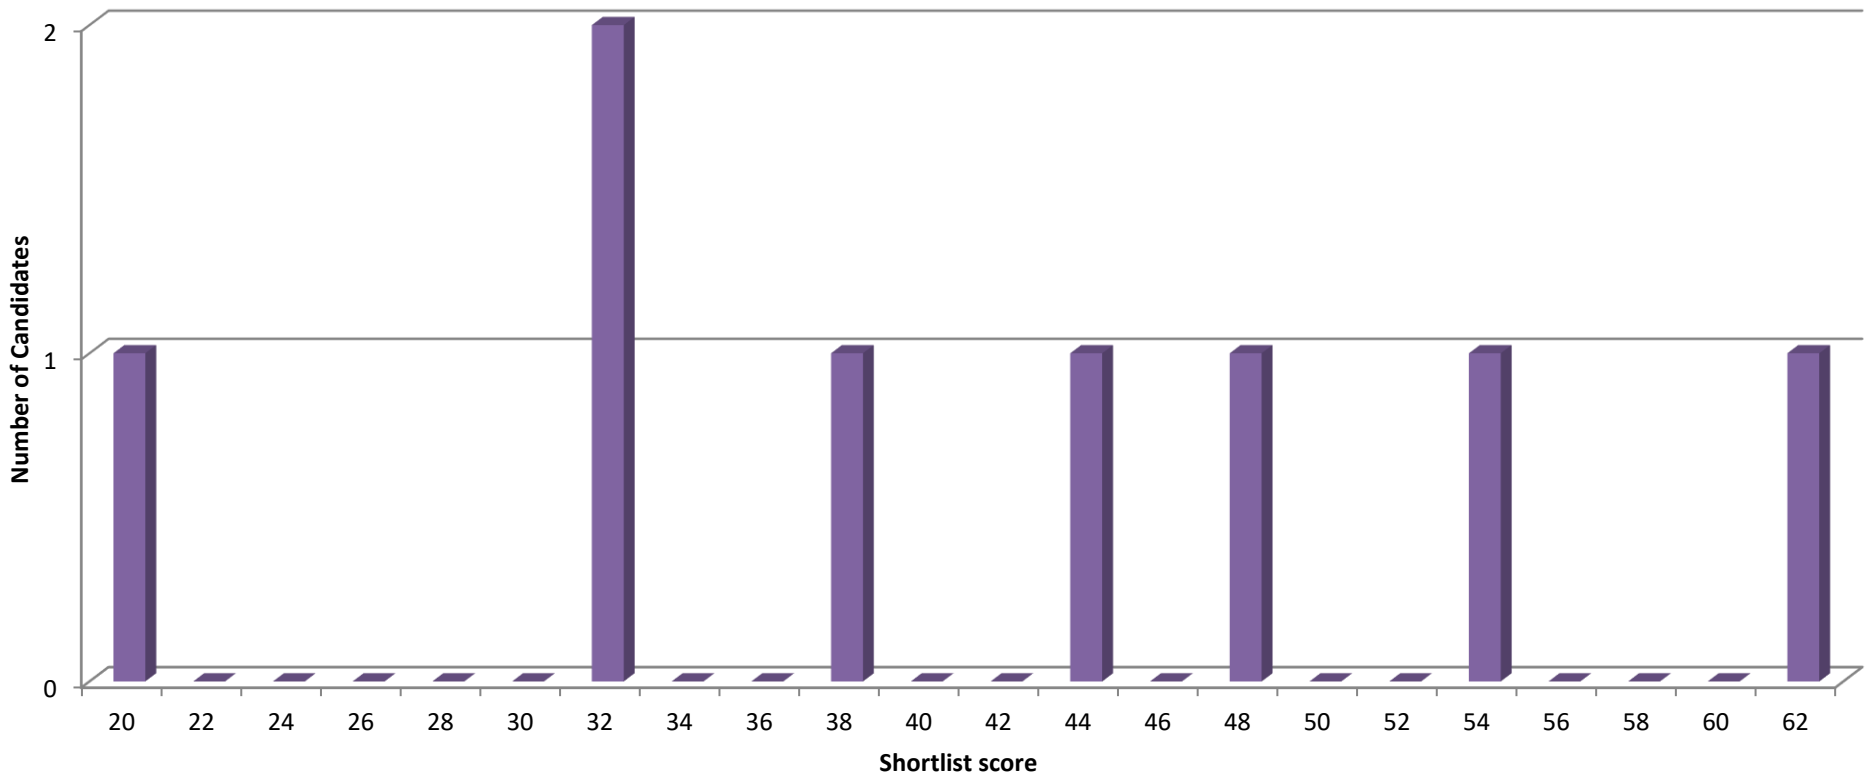

ST3 immunology recruitment – shortlist score distribution 2019 (round 2)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2019 ST3 recruitment round 2.

The number of applications submitted was **8**; shortlist scores ranged from **20-61** (min and max possible were 0-80).

Mean and median averages achieved were **41** and **41** respectively.

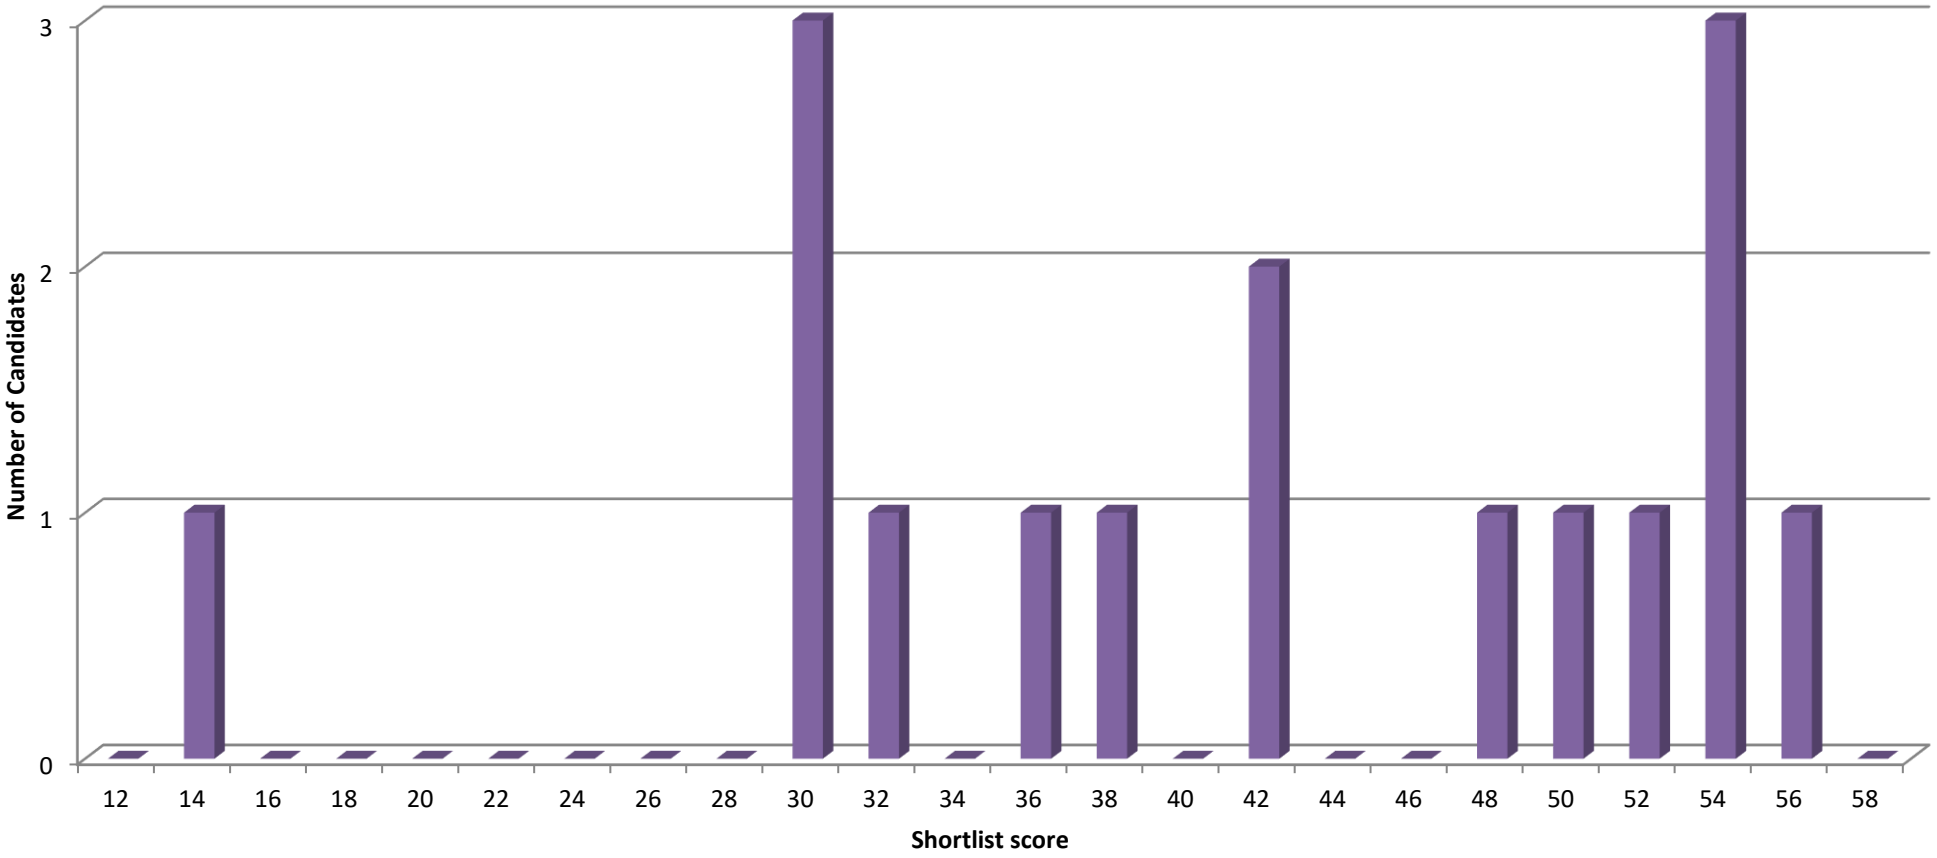

ST3 immunology recruitment – shortlist score distribution 2019 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2018 ST3 recruitment round 1.

The number of applications submitted was **19**; shortlist scores ranged from **14-58** (min and max possible were 0-80).

Mean and median averages achieved were **41** and **41** respectively.

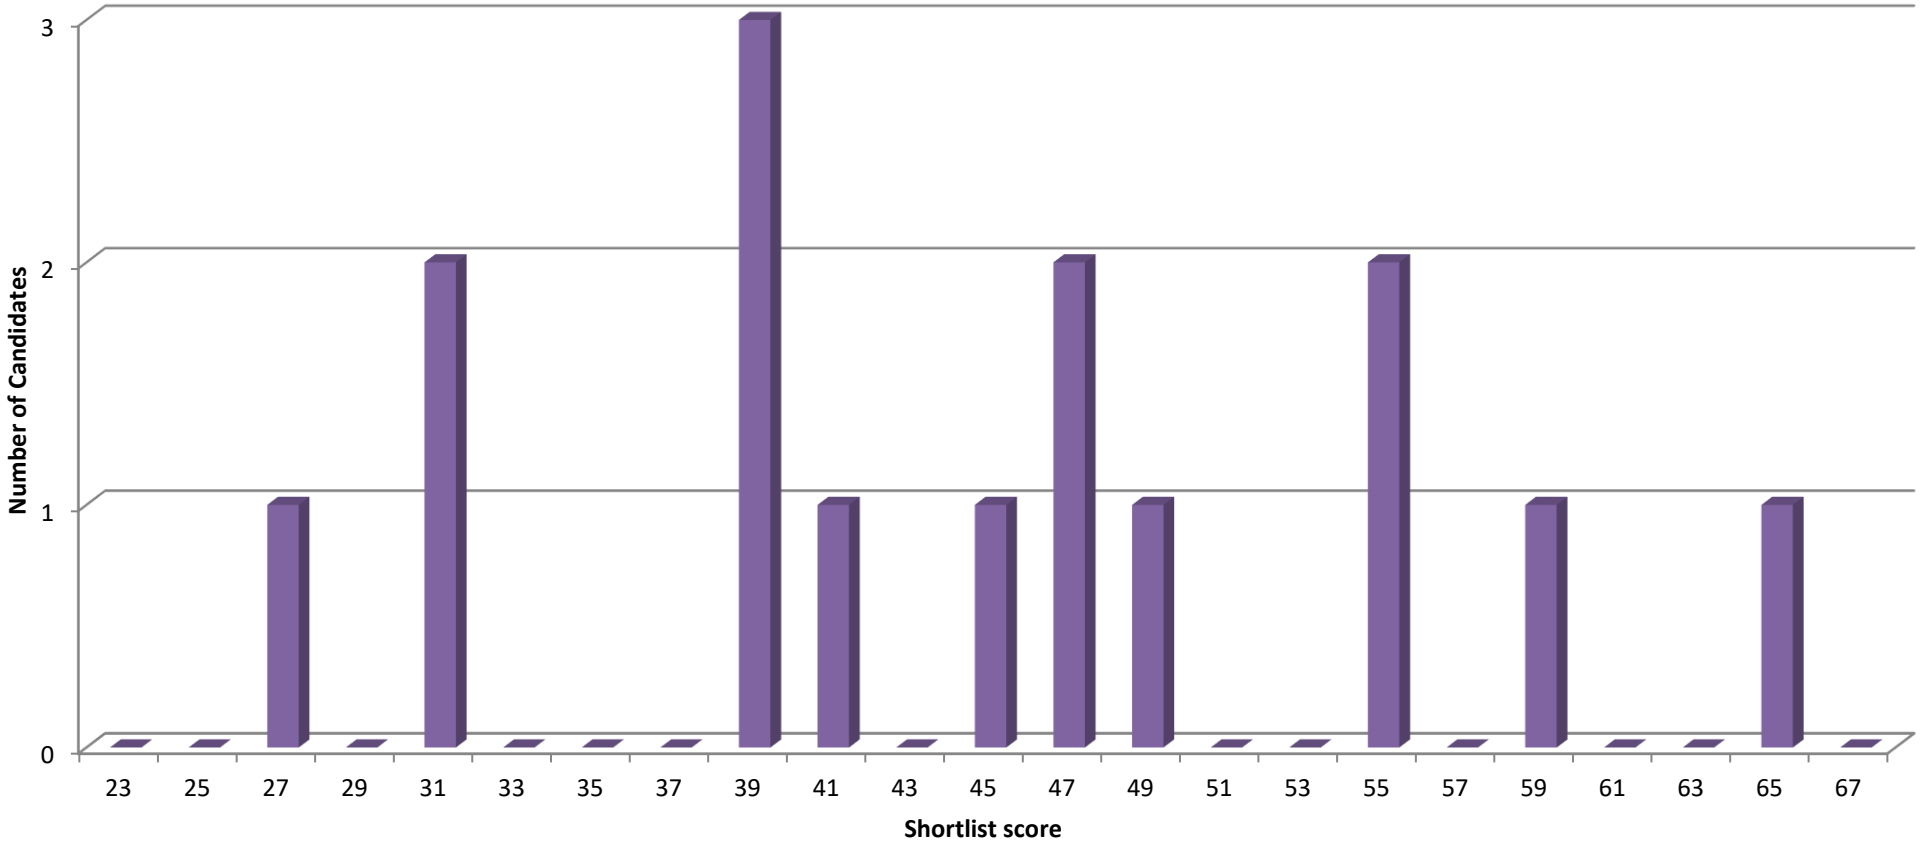

ST3 immunology recruitment – shortlist score distribution 2018 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2018 ST3 recruitment round 1.

The number of applications submitted was **15**; shortlist scores ranged from **28-65** (min and max possible were 0-80).

Mean and median averages achieved were **45** (45.33) and **46** respectively.

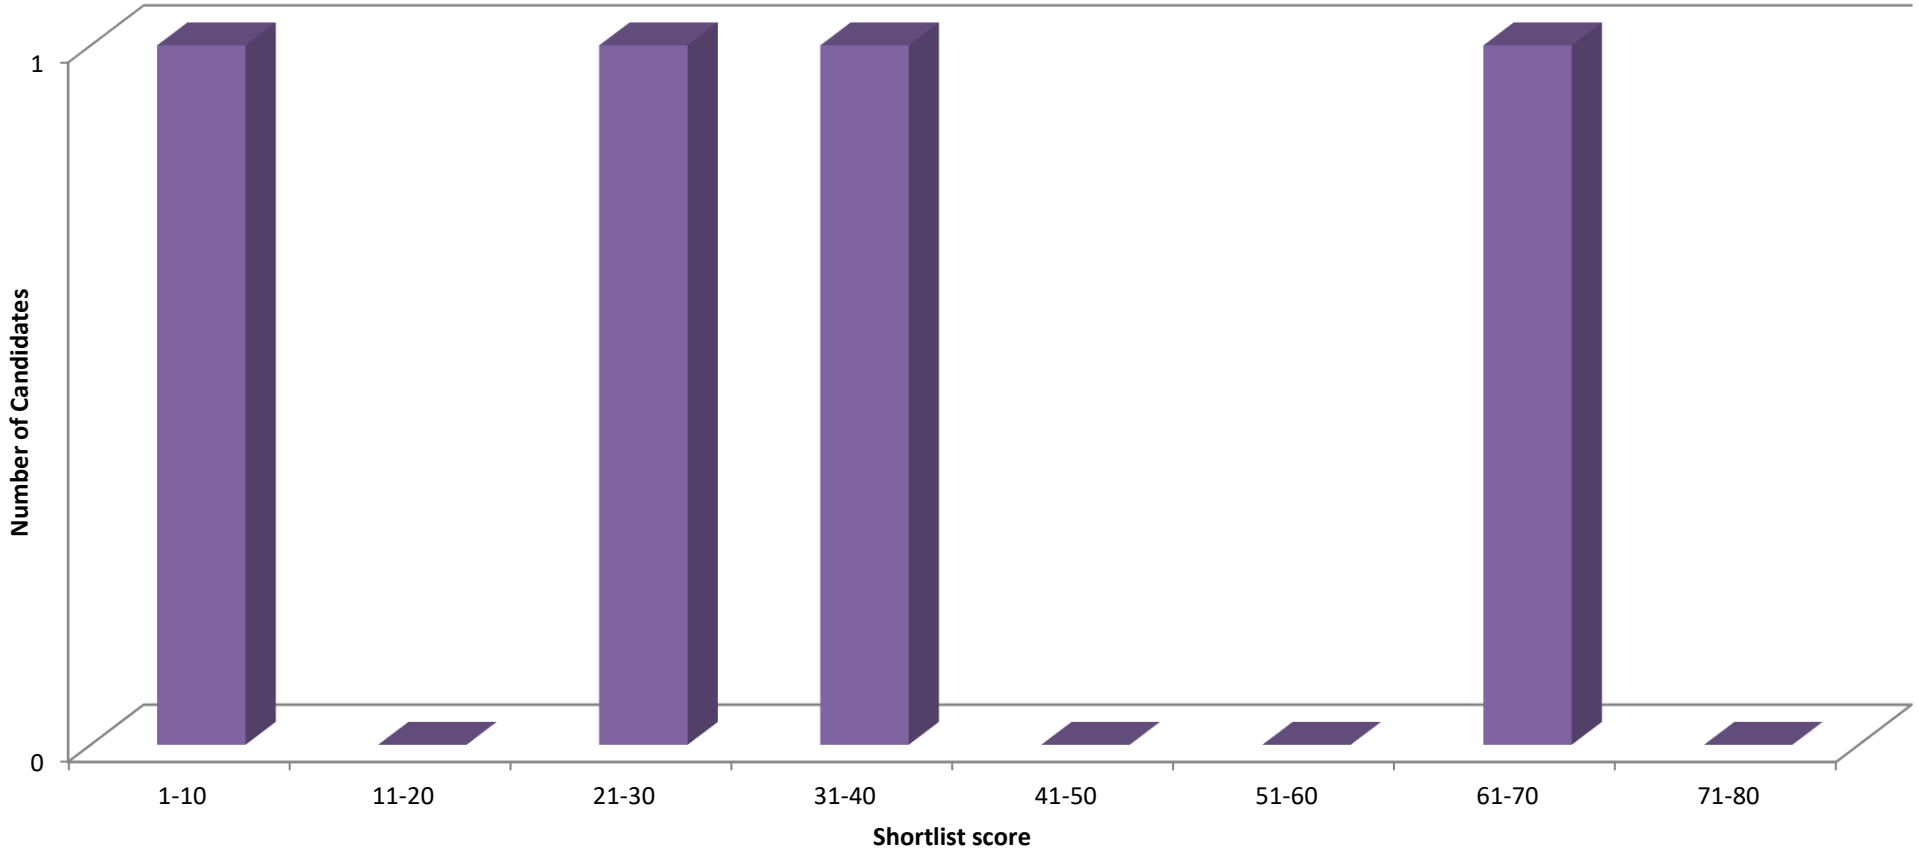

ST3 immunology recruitment – shortlist score distribution 2018 (round 2)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2018 ST3 recruitment round 2.

The number of applications submitted was **4**; shortlist scores ranged from **9-66** (min and max possible were 0-80).

Mean and median averages achieved were **35** (34.5) and **32** respectively.

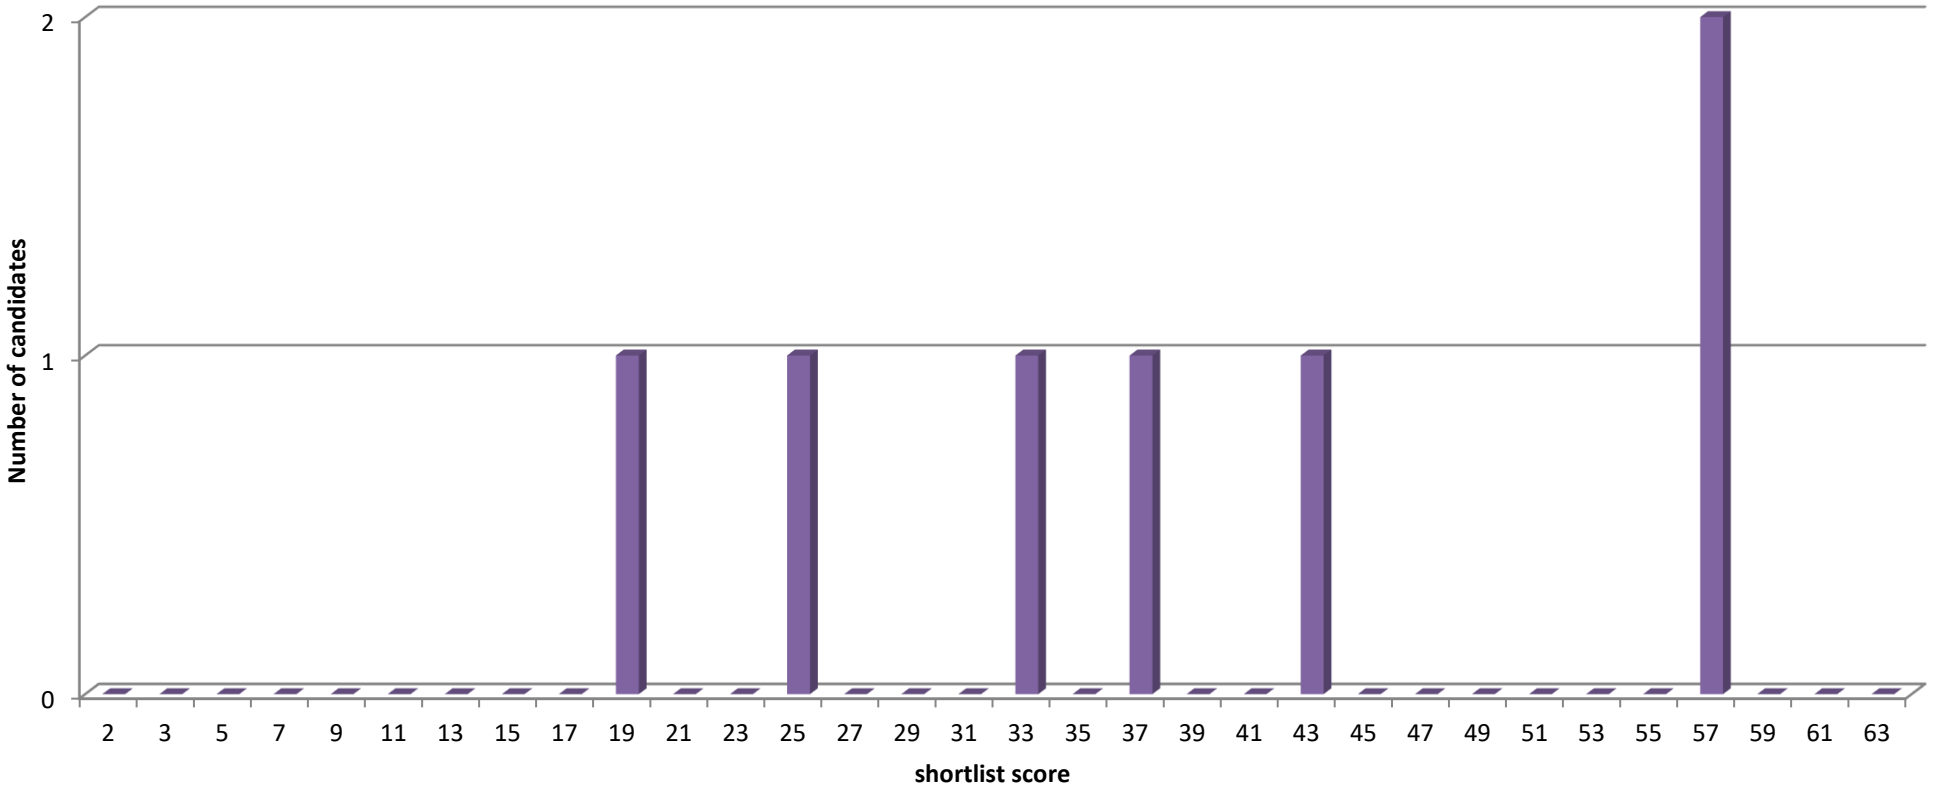

ST3 immunology recruitment – shortlist score distribution 2017 (round 1)

The graph below shows the distribution of shortlist scores awarded to all sport and exercise medicine applications submitted in 2017 ST3 Recruitment round 1.

The number of applications submitted was 8; shortlist scores ranged from **19-70** (min and max possible were 0-78).

Mean and median averages achieved were **43** (40.5) and **58** respectively.

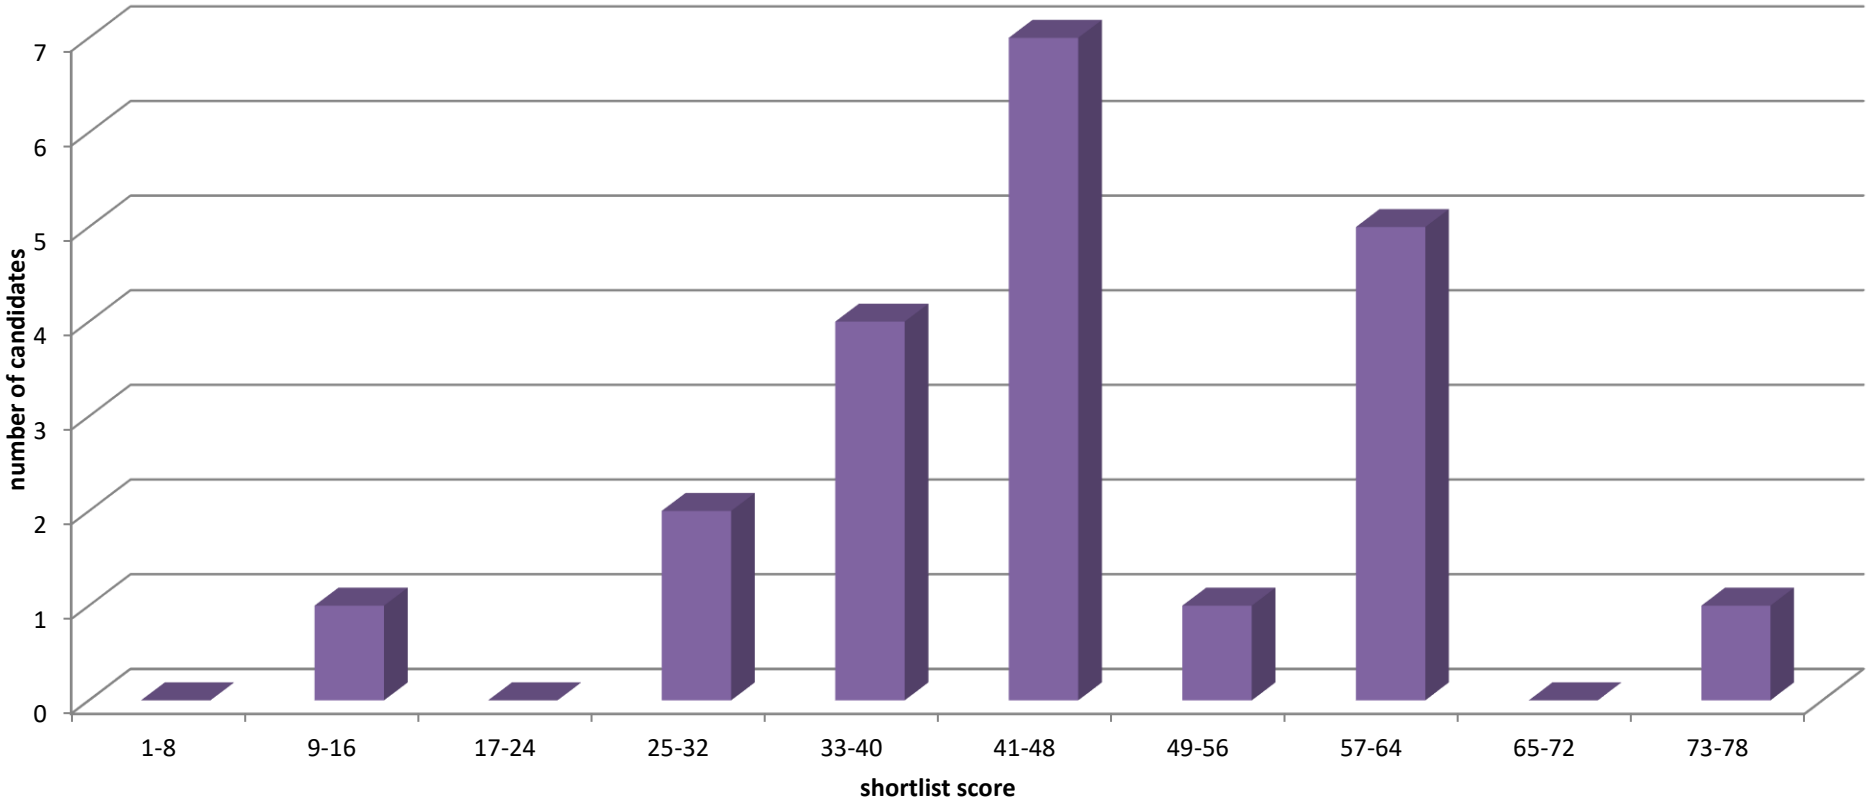

*Please note that for ST3 2017 Recruitment round 2, there were not enough immunology applicants to formulate a graph.

ST3 immunology recruitment – shortlist score distribution 2016 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2016 ST3 recruitment round 1.

The number of applications submitted was **21**; shortlist scores ranged from **13-75** (min and max possible were 0-78).

Mean and median averages achieved were **46** (46.19) and **47** respectively.

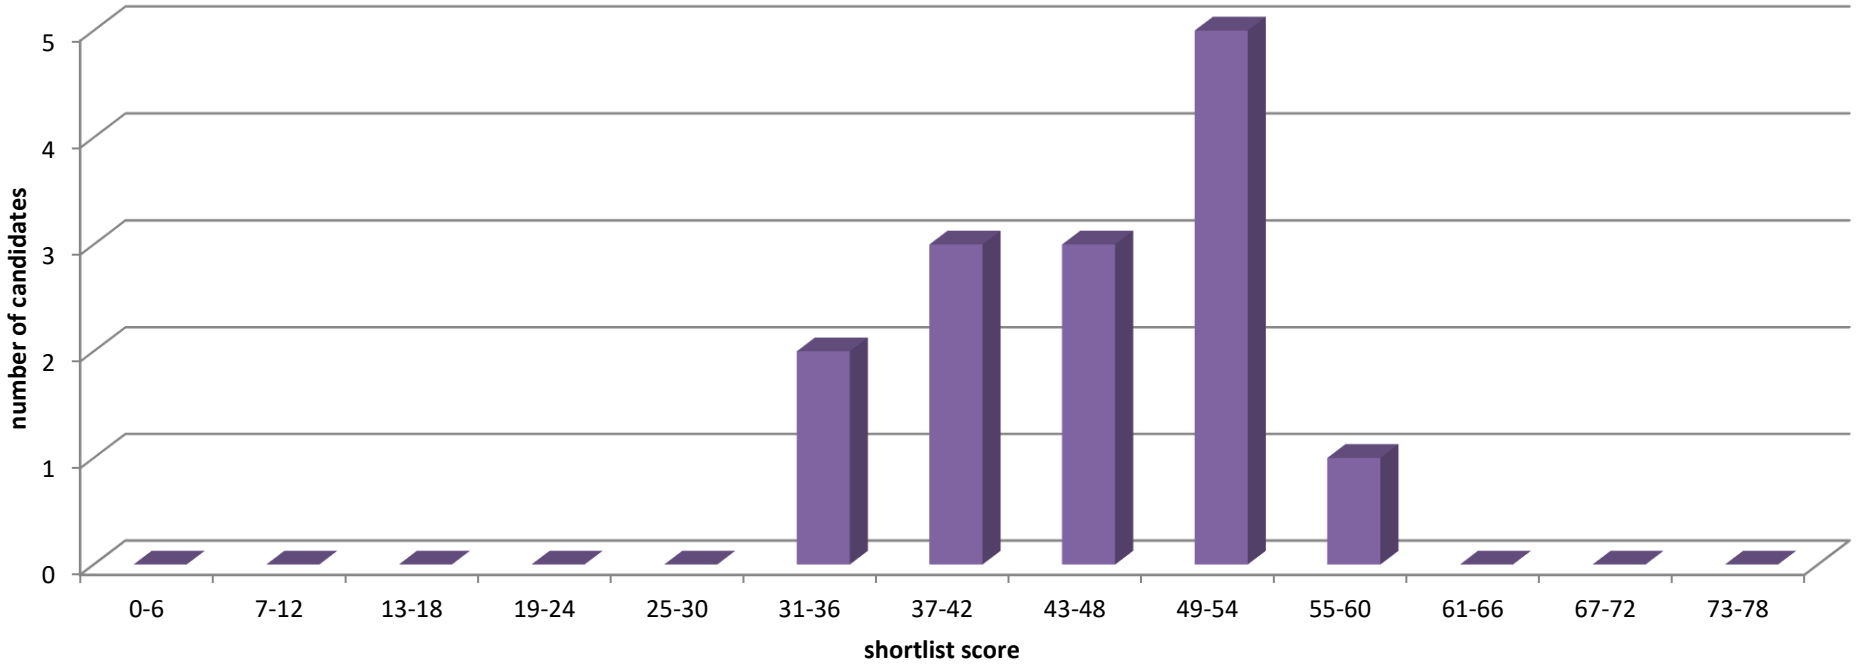

ST3 immunology recruitment – shortlist score distribution 2015 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2015 ST3 recruitment round 1.

The number of applications submitted was **14**; shortlist scores ranged from **32-57**(min and max possible were 0-78).

Mean and median averages achieved were **46** (45.78) and **47** respectively.

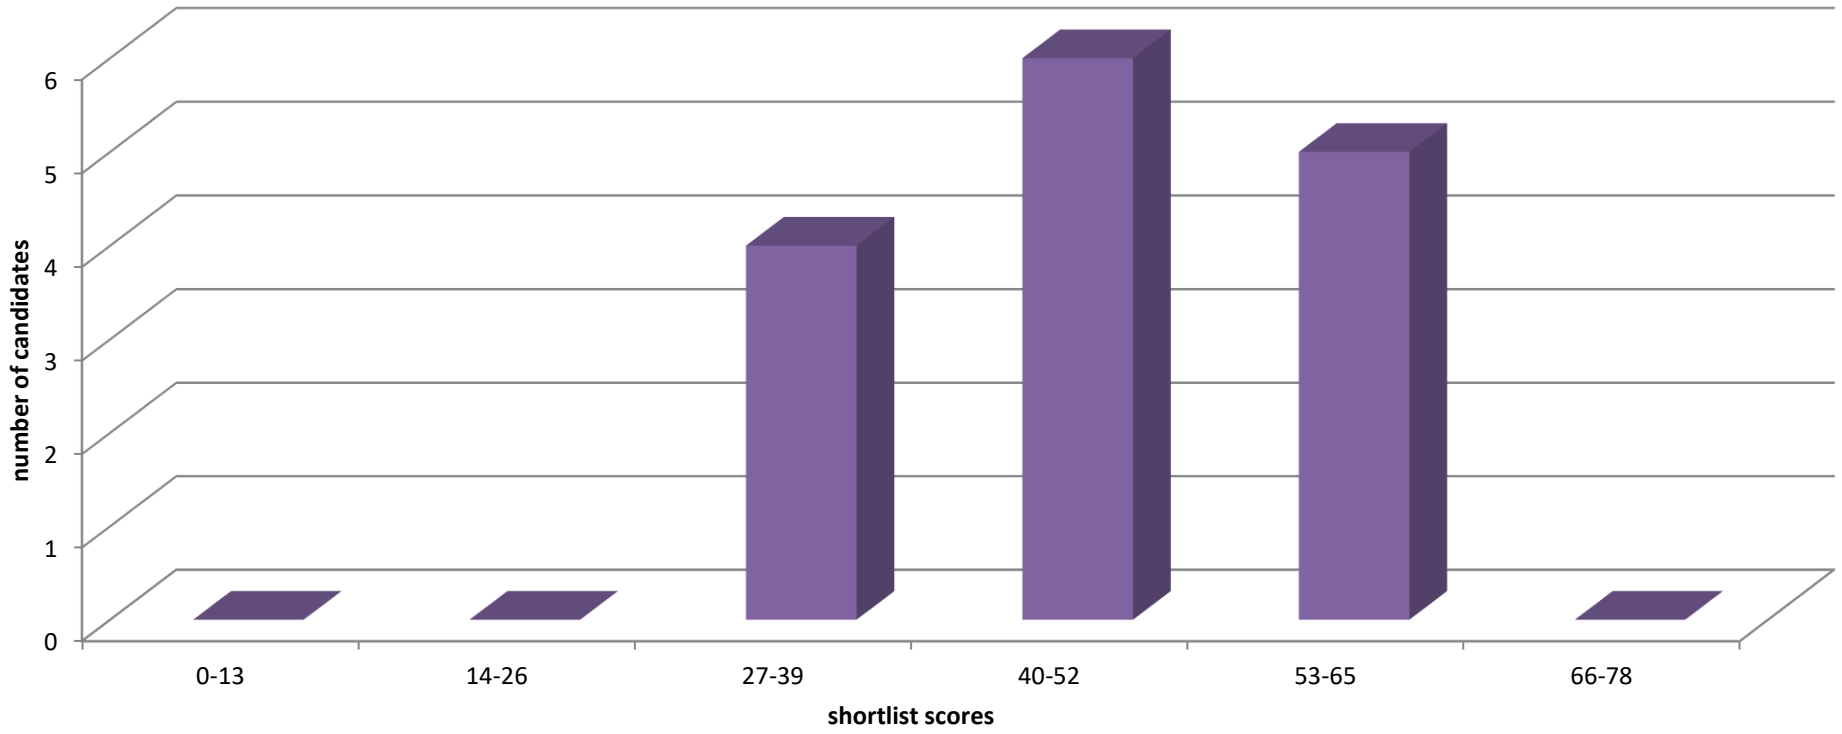

*Please note in round 2 of 2015 immunology recruitment there were an insufficient number of candidates to be able to display scores

ST3 immunology recruitment – shortlist score distribution 2014 (round 1)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2014 ST3 recruitment round 1.

The number of applications submitted was **15**; SL scores ranged from **33-61** (min and max possible were 0-78).

Mean and median averages achieved were **48** (47.46) and **48** respectively.

ST3 immunology recruitment – shortlist score distribution 2014 (round 2)

The graph below shows the distribution of shortlist scores awarded to all immunology applications submitted in 2014 ST3 recruitment round 2.

The number of applications submitted was **3**; shortlist scores ranged from **18-49** (min and max possible were 0-78).

Mean and median averages achieved were **32** (32.33) and **30** respectively.
